WALL PAPER

And Decorations.

may be an old story, but somehow it becomes new again every spring and fall when house cleaning time comes. Have you noticed the improving, artistic effects which every season brings? The tidy and dainty housewife appreciates the change, and this fact explains our large trade in this line.

HOW IT IS DONE.

We visit all the eastern markets in time to catch all the new novelties and styles, and in this way secure to customers the best and newest the market affords. As the average country merchant buys second and third hand we guarantee to keep a year in advance. See?

Our Stock and Prices.

These features of the matter are important. Our season's stock figures up 50,000 rolls. What an endless variety? Making such large purchases enables us to get the best discounts, and in turn gives our customers the benefit. We extend a cordial invitation to call.

New 1890 Sectional Map of Michigan.

We would advise some enterprising salesman to give the residents of this vicinity an opportunity to examine and secure a copy of the latest and best large scale map of our great state. New railroads, new postoffices, 1620 miles of water front, bays, harbors, light houses, etc., are carefully shown. Locations of towns and lakes, the exact course of streams and railroad lines, irregularities of survey are all faithfully represented. The renowned map publishers, Rand, McNally & Co., 145-154 Monroe street, Chicago, have favored us with a copy of this work, and we remark that pecuniary success surely awaits the coming salesman.

Montana, Oregon and Washington.

A correct map of the north west will show that the Northern Pacific Railroad traverses the central portion of Minnesota, North Dakota, Montana and Washington for a distance of over 2,000 miles; it is the only Railroad reaching Jamestown, Bismarck, Miles City, Billings, Livingston, Bozeman, Missoula, Cheney, Davenport, Palouse City, Sprague, Ritzville, Yakima, Ellensburg, Tacoma, Seattle and in fact nine-tenths of the north west cities, towns, and points of interest. The Northern Pacific is the shortest transcontinental route from St. Paul and Chicago to Helena, Butte, Anaconda, Deer Lodge, Spokane Falls, Walla Walla, Dayton and Portland, and the only one whose through trains reach any portion of the new state of Washington. Land seekers purchasing Pacific Coast second class tickets via St. Paul and the Northern Pacific have choice from that point of free Colonist Sleeping Cars or Pullman's Tourist Furnished Sleepers at charges as low as the lowest.

For the benefit of the settlers the Northern Pacific also give a ten days stop over privilege on second class North Pacific Coast tickets at Spokane Falls and east and every point west, including over 125 stations in Washington, thus enabling persons seeking a home to examine this vast territory without incurring an expense of from \$5.00 to \$25.00 in traveling on local tickets from point to point.

Insure for yourself comfort and safety by having the best accommodations afforded, thereby avoiding changes of cars, re-checking of baggage, transfers and lay over en route. Money can be saved by purchasing tickets via St. Paul or Minneapolis and the Northern Pacific.

For maps, pamphlets, rates and tickets enquire of your nearest Ticket Agent, any District Passenger Agent of the Northern Pacific Railroad; or Chas. S. Fox, General Passenger and Ticket Agent, St. Paul, Minn.
